Of the Pacific Northwest

## Bitter Root Valley

THE VALLEY OF OPPORTUNITY

THE LAND OF PERFECT FRUIT

A valley absolutely free from harmful fruit pests and crop failures with a soil more  
fertile than Armour's Standard Fertilizer. Where land values are rapidly increasing,  
due to the high class of people coming in by train-loads and settling. Where 15,000  
people now find health, wealth, and happiness.

An investment of \$4,000, with payments extended over five years, insures an average  
net annual income, after the fifth year, of comparatively \$2,000 to \$6,000 for a life-  
time and more.

The best of income insurance, the safest investment known—nothing more profit-  
able.

Where the sun shines three hundred days in the year. Where beautiful mountain  
scenery, abundant pure water, health-giving mountain air, rare hunting and fishing,  
unrivalled climate, good transportation, convenience to markets, good schools and a  
modern state university, cheap lumber, cheap fuel, and high markets—all unite to make  
an ideal place in which to live.

For the company's responsibility you are referred especially to the Assets Realiza-  
tion Co. (Cap. \$10,000,000) of Chicago, Philadelphia and New York.

Millions of dollars in irrigation canals, a great reservoir, and lands, as well as  
years of orchard experience, guarantee this investment at a time when apples mean  
wealth.
